●デフギヤ Gear Differential

[illegible]

The diagram illustrates the exploded view of the IF404B assembly. Key components and their assembly sequence are as follows:

- IF404B**: The main assembly unit, shown in two views (top and side).
- IF404-01**: A component that fits into the main assembly.
- IF402**: Multiple small components, numbered 5, 6, 7, 8, 9, and 11, which are assembled into the main unit.
- IF411**: A component that fits into the main assembly.
- IF413**: A component that fits into the main assembly.
- IF410-46**: A large gear component that fits into the main assembly.
- ORG06**: A component that fits into the main assembly.
- BRG005**: A component that fits into the main assembly.
- 3x12mm (F/H)**: A screw used to secure the assembly.
